WELCOME TO CNOS.

We are pleased that you have put your trust in us to provide you with exceptional medical care.

To fully evaluate your condition and recommend a plan of treatment, your physician needs the most complete information possible. If you have had any previous x-rays, MRI, or other testing related to this problem, please make arrangements to have this information available at your appointment.

You can speed up the registration process by completing the enclosed forms prior to your appointment. Please be sure to bring these completed forms with you the day of your appointment.

For your first visit, please plan on a two-hour period of time. At times the complexity of patients needs or emergency situations may necessitate longer appointments. Thank you for understanding any delays that you may encounter.

If you have any questions or concerns, regarding your appointment, please call our office at 605-217-2661. Again, thank you for allowing us to provide your medical care. We promise to do all that we can to make your visit to CNOS a wonderful experience.
